

PRODUCT CATALOGUE 2026

Custom manufacturer and exporter in Gujarat, India. Labels and RFID, heat seal machines, printing supplies, brushes and wooden products, made to your specification.

**LABELS & RFID · / MACHINES · / PRINTING SUPPLIES · / BRUSHES & BROOMS · / WOOD & CUSTOM
OEM · PRIVATE LABEL · SAMPLES FIRST · SHIPPING TO THE US, EUROPE & WORLDWIDE**

ABOUT US

MADE IN GUJARAT. SHIPPED WORLDWIDE.

Three9 Industry is a custom manufacturer and exporter in Gujarat, India, and part of the Three9 Group. We make heat-seal barcode labels, RFID labels and tags, heat seal machines, resin ribbons, thermal paper rolls, wooden scrub brushes, push brooms and custom wooden products, and we develop new products to customer specification.

Our customers include importers, distributors, retailers and brands in the United States, Europe and India. Owning production means we can match a specification, adjust a product and keep repeat orders consistent.

CUSTOM MANUFACTURER

Made to your spec, from samples to repeat production

IN-HOUSE PRODUCTION

Printing, machine building, woodworking, brush making

OEM & PRIVATE LABEL

Your brand, packaging and barcodes

EXPORT-READY

Shipping to the US, Europe & worldwide

IN-HOUSE CAPABILITIES

PRINTING & CONVERTING

Barcode, heat-seal and RFID labels; thermal paper rolls; resin ribbons, slit and wound to size.

MACHINE BUILDING

Heat seal machines and custom presses with digital temperature and timer control.

WOODWORKING

Cutting, copy shaping, automated X-Y drilling, sanding, finishing and logo stamping.

BRUSH MAKING

Scrub brushes, hand brushes, push brooms and road brushes, drilled and tufted in-house.

PRIVATE LABEL & PACKING

Your logo, packaging, barcodes and part numbers, packed and palletised for export.

NEW PRODUCTS

Not in this catalogue? Send a drawing, sample or photo and we'll tell you how we can make it.

HOW IT WORKS

01

SEND YOUR BRIEF

Product, quantity, destination; drawings, samples or part numbers help.

02

SAMPLES & SPEC

We confirm the spec and make samples or a pilot batch.

03

QUOTE

Price, MOQ, lead time and shipping to your door.

04

PRODUCTION

Made and checked against the approved sample.

05

PACKING & SHIPPING

Packed in your branding, shipped by sea or air.

ORDERING & SHIPPING

Minimum order	Depends on the product and how much is customised; confirmed in your quote
Samples	Available for most products before you order volume
Lead time	Confirmed with your quote; repeat orders run on the same approved spec
Packing	Export cartons, palletised on request; private-label packaging available
Shipping	Sea or air freight to the US, Europe and worldwide

Heat Seal Machines	4	Custom Wooden Products	10
RFID Labels & Tags	5	Custom Manufacturing & 11 OEM	
Resin Ribbons	6	Distributor & private-label program	12
Thermal Paper Rolls	7		
Wooden Scrub Brushes	8		

LABELS & RFID · HEAT-APPLIED · BARCODED

HEAT-SEAL BARCODE LABELS

Permanent barcode labels that bond to fabric with heat and pressure. Printed with sequential numbers or your own data, they stay readable through repeated washing, drying and dry cleaning, for anyone who needs to identify textiles.

SPECIFICATIONS

Construction	Printed face, heat-activated adhesive, silicone-coated release liner
Face material	Nylon or polyester film, matched to your process
Standard size	0.6875 × 0.25 in (17.46 × 6.35 mm); custom sizes to order
Print	Barcode + human-readable number; logos and text on request
Barcode types	Code 128, Code 39, Interleaved 2 of 5; QR and Data Matrix on request
Numbering	Sequential, customer ranges and prefixes, or blank
Application	Heat seal machine, typically ~190 °C (375 °F) for a few seconds
Durability	Made for repeated industrial washing, drying and dry cleaning
Supply format	Rolls, single or multi-across, cores to suit your printer
Colours	White standard; coloured labels for colour-coding

Custom sizes and specifications on request. Final specs are confirmed in your quote.

PERMANENT BOND

Heat-activated adhesive fuses the label into the fabric, so it stays on through repeated processing.

SCANNABLE FOR LIFE

Sharp barcode plus human-readable number, printed to stay legible wash after wash.

STANDARD OR CUSTOM SIZE

Standard 0.6875 × 0.25 in (17.46 × 6.35 mm) labels, or sizes made to order.

YOUR NUMBERING

Sequential numbers, your own ranges and prefixes, or blank stock to print yourself.

YOU CAN SPECIFY

- Label size and shape
- Barcode type, number length and prefix
- Colour coding by store, route or customer
- Roll length, core and labels across
- Private-label packaging for distributors

USED IN

- Dry cleaning and garment care
- Commercial and industrial laundry
- Uniform and workwear rental
- Hospital, hotel and spa linen
- Apparel and textile manufacturing
- Schools, camps and institutions

FOR A FAST QUOTE, SEND

1. Label size (or a photo of your current label)
2. Printed or blank; barcode type and number format
3. Fabrics the label goes on
4. Wash, drying or dry-clean process
5. Monthly volume

MACHINES · PNEUMATIC · MANUAL

HEAT SEAL MACHINES

Bench-top heat seal machines that apply barcode and ID labels to fabric in seconds. Digital temperature and timer control and steady pressure give the same strong bond every time. We build them in-house and set them up for the labels we make.

DIGITAL CONTROLS

Digital temperature controller and timer. Set them once and every press repeats it.

STEADY PRESSURE

Air cylinder on the pneumatic model; lever-operated clamshell on the manual model.

LABEL-SIZED PLATEN

Heated platen and silicone lower pad sized for your labels.

BUILT IN-HOUSE

Machines, labels and ribbons from one manufacturer: one call if anything needs adjusting.

SPECIFICATIONS

Models	Pneumatic (air-operated) and manual clamshell
Controls	Digital temperature controller, digital timer, pressure display (pneumatic)
Heated platen	Sized for garment ID labels; other sizes to order
Lower pad	Heat-resistant silicone
Air supply	Pneumatic model needs shop compressed air
Safety	Heat-warning guard on the press head
Power	Built for the destination: 110-120 V (US) or 220-240 V
Format	Bench-top
Supplied with	Set-up guidance for our labels

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Platen size to match your label
- Pneumatic or manual operation
- Supply voltage and plug for your country
- Bundled with labels, ribbons and spares
- Custom presses for special products

USED IN

- Laundries and dry cleaners
- Uniform and workwear processing
- Healthcare and hospitality linen rooms
- Garment manufacturing and finishing
- Textile labeling and ID stations

FOR A FAST QUOTE, SEND

1. Label size you apply
2. Items per day
3. Pneumatic or manual (do you have shop air?)
4. Supply voltage / plug type
5. Ship-to country

LABELS & RFID · UHF · PRINTED & ENCODED

RFID LABELS & TAGS

RFID labels let you read dozens of items at once, without line of sight. We supply UHF RFID inlay labels on rolls, printed with your barcode, logo or numbers and encoded to order, for retail, warehousing, asset tracking, healthcare and textile programs.

BULK READING

Read many tags at once with a handheld, fixed or tunnel reader.

PRINTED + ENCODED

Barcode, numbers and logo printed; chip encoded to your scheme.

READY ON ROLLS

Single or multi-across rolls for RFID printers and applicators.

RIGHT TAG FOR THE JOB

Paper or synthetic labels, laundry tags and hard tags.

SPECIFICATIONS

Technology	UHF RFID (EPC Gen2 / ISO 18000-6C); HF/NFC on request
Form factors	Paper and synthetic inlay labels, textile laundry tags, hard tags
Print	Barcode, human-readable number, logo
Encoding	Blank or pre-encoded to your numbering
Supply	Rolls, single or multi-across, for RFID printers
Adhesive	Permanent, for cartons, products and assets
Read range	Depends on reader, antenna and the surface it's on

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Label size and inlay
- Frequency and chip for your readers
- Printing and encoding
- Attachment: adhesive, sewn or heat-seal (textiles)

USED IN

- Retail inventory and loss prevention
- Warehousing and logistics
- Asset and tool tracking
- Laundry, uniform and linen programs
- Healthcare and hospitality
- Document and file tracking

FOR A FAST QUOTE, SEND

1. What you're tracking
2. Reader / software you use
3. Surface or material (metal, liquid, fabric)
4. Printed / encoded requirements
5. Quantity

PRINTING SUPPLIES · THERMAL TRANSFER

RESIN RIBBONS

Resin ribbons print barcodes and text that resist washing, rubbing, heat and chemicals. They are the right choice for polyester, polypropylene, nylon and textile labels. We slit them to the width and length your printer takes.

WASH & SMUDGE RESISTANT

Resin ink bonds to synthetic labels for prints that last.

SHARP BARCODES

Crisp edges for reliable scanning, even on small codes.

FITS YOUR PRINTER

Width, length, core and winding to suit common thermal-transfer printers.

MATCHED TO LABELS

Order ribbons and labels together, in one shipment.

SPECIFICATIONS

Ink	Resin; black standard
Width	25–110 mm (about 1"–4.3"); custom slitting
Length	74 m, 300 m, 450 m and others
Core	0.5" (12.7 mm) or 1" (25.4 mm)
Winding	Ink-out (CSO) or ink-in (CSI)
Printers	For Zebra, TSC, Honeywell, SATO, Godex and other thermal-transfer printers

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Width and length
- Ink-in or ink-out winding
- Core size and notch
- Printer compatibility

USED IN

- Garment, care and heat-seal labels
- Asset and equipment labels
- Chemical, drum and industrial labels
- Electronics and component labels
- Outdoor and cold-chain labels
- Polyester and polypropylene labels

FOR A FAST QUOTE, SEND

1. Printer make and model
2. Ribbon width and length (or a photo of the current roll)
3. Label material you print on
4. Monthly quantity

PRINTING SUPPLIES · POS · RECEIPTS

THERMAL PAPER ROLLS

Thermal paper rolls for retail stores, restaurants, gas stations, hotels, healthcare and warehouses. Clean slitting and even winding give jam-free feeding, in standard and custom sizes, plain or private-label.

HIGH PRINT QUALITY

Dark, sharp text and barcodes, with no ink or ribbon needed.

SMOOTH PERFORMANCE

Straight edges and even winding for jam-free feeding.

BPA-FREE OPTION

Safer paper for retail, hospitality and food service.

EVERY SIZE

3 7/8", 2 1/4", 1 3/4", 1" and custom widths and lengths.

SPECIFICATIONS

Widths	3 7/8" (80 mm), 2 1/4" (57 mm), 1 3/4" (44 mm), 1" (25 mm); custom on request
Common sizes	3 7/8" × 230', 2 1/4" × 50', 80 × 80 mm, 57 × 40 mm
Paper	Thermal paper; BPA-free option
Core	1/2" (12 mm) core; coreless on request
Packing	Cartons, rolls per carton to your requirement; private label

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Roll width and diameter / length
- Core size
- BPA-free paper
- Carton packing and private label

USED IN

- Retail stores
- Restaurants and cafés
- Gas stations
- Hotels and motels
- Healthcare
- Warehouses and logistics
- Card payment terminals
- Kiosks, queue and ticket printers

FOR A FAST QUOTE, SEND

1. Roll width and diameter (or length)
2. Core size
3. Printer or terminal model
4. Quantity in cartons

BRUSHES & BROOMS · WOOD BLOCK · TUFTED

WOODEN SCRUB BRUSHES

Our brushes are made in-house from plank to packed product: cut to size, shaped, polished, coloured, drilled, filled with bristles and trimmed to an even length. Because we run every step, block shape, hole pattern, bristle and finish can be set to your design.

MADE IN-HOUSE

Cutting, shaping, drilling and tufting under one roof.

SOLID WOOD BLOCKS

Sanded and polished; natural, varnished or coloured.

DENSE, EVEN TUFTS

Bristles filled into drilled holes and trimmed level.

YOUR LOGO ON IT

Logo stamped on the block, plus private-label packaging.

SPECIFICATIONS

Block	Solid wood, sanded and polished
Finish	Natural, varnished or coloured
Bristles	Synthetic filament (white, black, colours) or natural fibre
Designs	Rectangular, oval, handled (ergonomic) and hand brushes
Typical sizes	e.g. 18 × 7 cm handled scrub brush; 8 × 3 in block
Branding	Logo stamped on the block; private-label packaging
Packing	Bulk cartons or retail packing

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Block size and shape
- Hole pattern and density
- Bristle type, colour and stiffness
- Finish and colour
- Logo and packaging

USED IN

- Household cleaning
- Commercial and janitorial cleaning
- Laundry and stain pre-treatment
- Floors, tiles and outdoor surfaces
- Retail and private-label ranges

FOR A FAST QUOTE, SEND

1. Brush type, or a sample / photo
2. Block size
3. Bristle preference
4. Packaging
5. Quantity

BRUSHES & BROOMS · SWEEPING

PUSH BROOMS & ROAD BRUSHES

Sweeping brushes built for daily use: stiff fill for outdoor debris, softer fill for indoor dust. Wood blocks are drilled and tufted in our workshop and supplied with or without threaded wooden handles.

RIGHT FILL

Stiff, medium or soft synthetic, or natural fibre.

WORKING WIDTHS

Sized for corridors, yards and roads.

DURABLE BLOCKS

Solid wood, drilled and tufted in-house.

HANDLE-READY

Threaded or tapered handle hole; wooden handles available.

SPECIFICATIONS

Block	Solid wood, drilled and tufted
Fill	Synthetic (black, green, mixed colours) or natural fibre
Stiffness	Stiff, medium or soft
Working width	Common push-broom widths; custom to order
Handle fitting	Threaded or tapered hole; wooden handles available
Use	Indoor, outdoor or both
Packing	Bulk or private-label

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Working width
- Fill type and stiffness
- Handle fitting and handles
- Pack size and branding

USED IN

- Municipal and road sweeping
- Gardens, decks and pathways
- Warehouses and yards
- Factories and workshops
- Facility and janitorial maintenance

FOR A FAST QUOTE, SEND

- Working width
- Indoor or outdoor use
- Handle / fitting type
- Quantity

WOOD & CUSTOM · MADE TO YOUR DESIGN

CUSTOM WOODEN PRODUCTS

From brush blocks and broom handles to cutting boards, serving trays, planters, desk organizers and phone stands, we cut, shape, drill and finish wood to your design, from pilot runs to repeat production.

MADE TO YOUR DESIGN

From a drawing, photo or sample.

AUTOMATED DRILLING

X-Y drilling for accurate, repeatable hole patterns.

FINISHING & BRANDING

Sanded, polished, varnished or coloured; logo stamping.

PILOT TO PRODUCTION

Sample first, then repeat production.

SPECIFICATIONS

Processes	Cutting, copy shaping, sanding, polishing, colouring, X-Y drilling
Products	Kitchenware, home and garden, office accessories, cleaning-tool parts, components
Finish	Natural, varnished or coloured; matched to the product's use
Branding	Logo stamping; private-label packaging
Input	Drawing, sample, or photos with dimensions
Quantities	Pilot batches to repeat production

Custom sizes and specifications on request. Final specs are confirmed in your quote.

YOU CAN SPECIFY

- Dimensions and profile
- Wood and finish
- Hole pattern and fittings
- Logo and packaging

USED IN

- Kitchen and dining: cutting boards, serving trays
- Home and garden: planters, storage, décor
- Office: desk organizers, phone stands
- Cleaning tools: brush blocks, mop blocks, broom handles
- Retail and gift brands (private label)
- Industrial wooden parts and components

DISTRIBUTOR & PRIVATE-LABEL PROGRAM

YOUR BRAND. OUR FACTORY.

Distributors, importers and brands use Three9 Industry as their factory in India: one supplier for consumables and machines, made to your specification and packed under your name.

ONE SOURCE FOR LABELS AND MACHINES

Heat-seal labels, heat seal machines, ribbons and spare parts from one supplier, in one shipment.

YOUR BRAND ON EVERYTHING

Private-label packaging with your barcodes and part numbers; logo-stamped brushes and wood.

MATCH WHAT YOU SELL TODAY

Send a sample, spec sheet or part number and we match sizes, materials and printing.

SAMPLES BEFORE VOLUME

Samples or a pilot batch for approval; repeat orders on the same approved spec.

MADE IN OUR OWN FACILITIES

Printing, machine building, woodworking and brush making in-house in Gujarat.

A FACTORY YOU CAN TALK TO

A direct line to the people who make your products, and a US number: +1(743)962-3939.

WHO IT'S FOR

- Label & barcode distributors
- Laundry & dry-cleaning suppliers
- Uniform, linen & textile rental
- POS & packaging supply
- Janitorial & cleaning supply
- Retail & e-commerce brands

HOW IT WORKS**01****APPLY**

Tell us what you sell, where, and which products interest you.

02**SAMPLES & PRICING**

Samples and pricing for your range, with MOQs and lead times.

03**PILOT ORDER**

A first order to test with your customers.

04**REGULAR SUPPLY**

Repeat orders on the approved spec, shipped to your warehouse.
